

## New Association Designed To Aid Tahoe Proposed

Reno Editor Will Be Head  
Of Foundation Group  
To Boost Lake

RENO—Articles of incorporation for the Lake Tahoe Association of California and Nevada, a non-profit corporation, will be filed early next month with the Nevada secretary of state, it was announced yesterday by Joseph F. McDonald, who has retired as editor of The Nevada State Journal and president of Reno Newspapers, Inc.

Sponsored by the Max C. Fleischmann Foundation of Nevada, the corporation will be the vehicle through which it is hoped to form a Lake Tahoe Association dedicated to the general improvement of the entire Lake Tahoe area, it was stated by McDonald, who will be the president of the new corporation.

### Fund Available

"The idea of forming a Lake Tahoe Association comprised of property owners, county and state officials and business interests all virtually interested in the orderly development of the Lake Tahoe area is not new and was expressed many times by the late Maj. Max C. Fleischmann," said McDonald. "The trustees of Fleischmann Foundation have been considering the feasibility of the plan for some time and through the foundation have produced a generous grant to be used for organization purposes and have entrusted me with the task.

"I feel fortunate in being given the assignment and it is something constructive, something that is needed, and there's absolutely nothing connected with the project that is geared to aid any individual other than general welfare," McDonald added. It will not concern itself with zoning problems or types of business conducted in California or Nevada.

### Invades Two States

"Lake Tahoe is bounded by two states and five counties, three of them in Nevada and two in California. Problems arise that are of mutual interest to every property owner, home owner and businessman in the entire area. There is no central body to speak for all interests and there's no medium to bring about coordinated direction of governmental agencies. Through the Lake Tahoe Association it is hoped that coordination can be obtained.

"Such problems as fire prevention, sanitation, fish and game regulations, road and highway construction policies and general planning are a few of the multitude of things that need attention now and will become more pressing in the future," he added.

McDonald said also that an aim, which will take legislative authorization is the creation of a Lake Tahoe Authority, similar to the Port of New York Authority, which would exercise certain authority now scattered among seven different governmental agencies.

"We hope to interest all the different groups at Tahoe in this association and to obtain the services of directors who know the lake, who love it, and who want to keep it the most beautiful recreational area in North America," McDonald added.

### To Have Authority

"The emphasis at all times will be on the preservation and conservation of the natural beauties of the area against litterbugs, reckless drivers and similar things."

### Conservation Aid

It will take several months, McDonald expects, to do the preliminary work incident to forming the association and he said he will start active work on it about February 1 and for the present will have offices on the third floor of the Gazette building.

## RACING TEAM FOR SKI CLUB NAMED

NORDEN — Members of the Sugar Bowl Ski Club's racing team were selected as a result of the tryouts held December 31. They include: Girls, Patsy Nast, Junior II and Class A; Doris Hauser, Class B and Mary Helen Reich, Junior II.

Men: Buck Thys, Class A; Mark Noble, Class B; Dick Seibird, Class C; Kramer Herzog, Junior II; Tom Reich, Junior III; Ronnie Reich, Junior III; John MacSwain, Junior IV and Bobby Gester, Junior IV.

Practice slalom will be held January 5th and the final tryouts will be held Sunday at the Sugar Bowl.

## ZEPH ROSES PARENTS OF BABY DAUGHTER

Carolyn Gail, weighing seven pounds, four and a half ounces arrived at the Tahoe Forest Hospital Saturday, December 29 at 10 p.m. to join her father and mother, Mr. and Mrs. Zephaniah Rose and her two sisters and brother of Truckee. Dr. Ben King was in attendance. Rose is associated in the operation of the Z Markets.

## Funeral Held For Johnny Moro Who Expired Thursday

One of this community's most widely known and popular citizens, Giovanni A. (Johnny) Moro, 75, expired at his home last Thursday afternoon following a heart attack. Although in failing health for some time, Moro's death came as a shock to his many friends and relatives here and throughout the region.

Mass was read by Father P. J. O'Neill at the Assumption Catholic Church Saturday morning at 11 o'clock following Rosary at the Truckee Colonial Mortuary chapel Friday evening. Interment was in the Truckee cemetery.

Moro was a native of Sardinia, Italy, born March 22, 1882. He went to Panama at the turn of the century and worked there until 1906 when he came to the United States and was employed at Portland, Ore., until 1920 when he came to Truckee to work in the paper mills at Floriston.

In 1926 he purchased the Star Hotel which he has operated since that time, with the exception of a short time spent in Sacramento. Moro was a friendly, generous man and his friends were legion.

Surviving are his wife, Mrs. Enrica Moro, who assisted the deceased in the operation of the hotel; three daughters, Mrs. Angelo Besio and Mrs. Mary Giovannoni of Truckee and Mrs. Rosie DePorte of Sacramento. There are six grandchildren. A sister and other relatives reside in Italy.

Sympathy of the entire community is extended to the surviving family members.

## Traffic Count Here Shows Major Gain

The 1956 annual traffic count, prepared by George T. McCoy, state highway engineer, and published in the California Highway and Public Works for November-December, reveals some interesting figures for local highways.

The count was made on all highways on Sunday and Monday, July 15 and 16 between the hours of 6 a.m. and 10 p.m., for a 16-hour period.

One of the most significant gains in the state was shown on Route 37, the Auburn to Truckee highway where the gain was 13.03 percent over the 1955 count on Sunday and 16.60 percent on Monday.

The average gain on all routes surveyed in the state was 5.74 percent on Sunday and 8.08 percent on Monday.

On Route 33 from Tahoe City to the Nevada state line, a drop was noted over the preceding year. The loss was 2.31 percent on Sunday and 16.17 percent on Monday. While no exception was made in the report, it is believed this loss was due to the fact that the road at Emerald Bay was closed throughout the year.

A loss was also recorded on Route 11 at Mays-Nevada Line via the Truckee river. The Sunday loss was 5.79 percent and the Monday loss 2.20 percent, the report shows.

"For the fourth consecutive year, monthly traffic counts show freight vehicles increasing at a substantially faster rate than passenger vehicles. Sunday traffic showed appreciably less gain than Monday traffic. These factors, together with the fact that the "recreational routes" as a group showed the lowest traffic increases, all point to the continued diminishing of recreational travel in relation to the total traffic picture," the magazine said.

## HIGH SCHOOL PTA TO HOLD MEET JAN. 10TH

A meeting of the Truckee-Tahoe High School P.T.A. will be held at 8 p.m., Thursday, January 10 in the school edifice.

Russell York will preside at the business session.

## SERGEANT SPEAKER AT LIONS MEETING

Sergeant Frank Snyder of the California Highway Patrol was the speaker at last night's meeting of the Truckee Lions Club and discussed traffic problems in this area. Roy Waters presided at the session held at Donner Lake Lodge.

Zeph Rose of the Z Markets was inducted as a new member of the club.

Guests included William Briner, Bruno Bellotti, Sam May and Dave Morey.

## Local Population Grows As County Shows Big Decline

Figures Show Estimated 4.5  
Drop In Population  
In Past Year

EDITOR'S NOTE: Using the same basis by which the California Taxpayers Association estimated its population figures, it is indicated that although the county is steadily losing in number of residents, the eastern end of the county, particularly Truckee, continues to grow.

The enrollment figures in the elementary schools in this area have continued to show constant healthy growth during the past several years, while business development and home building, with many other upturn indications, such as use of utilities, postal receipts, travel figures, auto registrations and bank deposits bear out this conclusion.

Population of Nevada county was 17,000 for January 1, 1957, California Taxpayers' Association estimated.

Number of people in the county has decreased by 810 or 4.5 percent from 18,130 population of the county on January 1, 1956.

Since the April, 1950, federal census population of 19,888, the county has decreased 2568 people, or 12.9 per cent, Cal-Tax estimates show.

Basis of the state-wide taxpayers' association figures is numbers of children in the elementary schools in the county—both public and parochial.

Population of the 12 mountain counties for January 1, 1957, was 154,210 compared with 152,150 for January 1, 1956, and 144,469 at the 1950 census.

During the past year, the 12-county area has shown a net growth of 2060 people, an increase of 1.4 percent.

Since the 1950 census, the 12-county mountain area has shown a net increase in people of 9741, or 6.7 percent.

Population at January 1, 1957, for these counties is estimated at: Placer, 50,050; El Dorado, 18,950; Nevada, 17,320; Tuolumne, 14,340; Inyo, 12,850; Plumas, 11,300; Calaveras, 9780; Amador, 9420; Mariposa, 4780; Mono, 2620; Sierra, 2200; and Alpine, 600.

Among the 12 counties, biggest additions in numbers of people in the past year were in Placer and El Dorado counties.

## TRUCKEE OFFICER IN BAY HOSPITAL

Constable N. F. Dolley was taken to the University Hospital at San Francisco yesterday for treatment following a relapse after an attack of pneumonia three weeks ago. His many friends are hopeful that his recovery will be rapid. He was accompanied to the city by Mrs. Dolley and during their absence Mrs. Ruby Russell of Reno has returned to manage their Hotel Truckee.

## FORMER PRINCIPAL EXPIRES IN OREGON

Local friends of Fuller Woody, a former principal of the Truckee High School, have received word from his wife, Mrs. Iris Woody of Junction City, Ore., telling of his death on December 11. He had been ill for a year and death was caused by cancer.

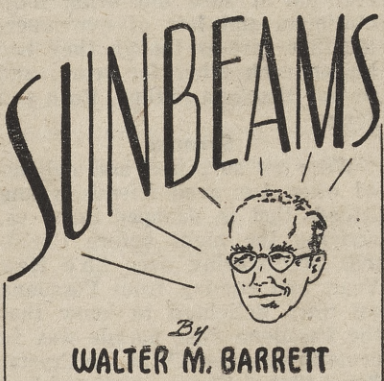

Besides his wife, Woody is survived by three daughters. During their residence here, Mrs. Woody taught in the local elementary school.

## TRANSIENT DRAWS 60 DAY JAIL TERM

John Tanglier, a transient, is serving 60 days in the Nevada County Jail following his reappearance before Judge F. W. Wilson on a drunk charge. Two days after he was given a 60-day suspended sentence, the defendant was rearrested on the same charge by sheriff's deputies.

### ENTERTAIN GUESTS

Mr. and Mrs. J. M. Howard entertained the following guests over the Christmas holidays: Mr. and Mrs. S. J. Chidling of Baker, Ore.; their son, Donald Howard of Huntington Park; their daughter, Barbara Howard of Santa Rosa; Ed Lampe of Santa Rosa. Howard is accountant with the Denney Logging Company.

The advent of the New Year should mark the start of one of the most progressive years in the long history of our community. We can, through community cooperation, achieve many goals which we have set out to reach. First among these should be the incorporation of the town into a self-governed municipality, ready to accept the benefits awaiting us. Secondly, our zoning ordinance should be made applicable to prevent an influx of undesirable elements only to reap what the established business people have earned, and keep the area free of unsightly and dangerous structures. Thirdly, we might give concerted attention to the establishment of a modern airport. We know the coming year bears prospects for an abundant economical upturn and an influx of people, but are we prepared to accept what the future has to offer? If not, time grows short to prepare, and we suggest the above steps as necessary. Finally, we must support ourselves, patronize local merchants, support our chamber of commerce, boost our values by boosting our area, and work together for a common cause—that of making our region the best in the country. It will not be hard if we all work together, but it will be impossible if we are divided. Truckee, as a community, has become of age. What it becomes in the future depends upon what we want it to become. The answer will be provided by the individual working in harmony with every other individual.

We in this region have passed two serious periods in the calendar without serious traffic accidents, but because we have it's not a time to let up on careful driving. Let's keep our good record clean by resolving now to drive with extreme caution throughout the year, and prove to everyone that this area is as safe as any other for motoring.

## FATHER, SON HEID ON DRUNK CHARGES

Like father, like son. This old saying might well apply to Joseph Andrew Collins, 64, and his son, Patrick John, 29, both of Redwood City, who were arrested on December 26th by State Patrolman Thomas Sheehan at Floriston.

Patrick John later appeared before Judge Foster Wilson and paid a \$263 fine for drunk driving and Joseph Andrew paid \$25 for being drunk in an about an automobile.

Marion P. McHugh, 49, was given a 10-day suspended sentence by Judge Wilson on a drunk charge. He was arrested by Deputy Emory Lander.

## PAOLINI SLATED TO HEAD PLACER BOARD

Speculation has it that Supervisor J. B. (Brick) Paolini of Roseville will chairman the Placer county board of supervisors when it organizes January 7 for the year 1957. Though the board will meet Thursday, January 3, formal organization with J. O. (Joe) Anderson of Auburn taking his seat, will not occur until next Monday.

## SACRAMENTO MAN ON GAME BOARD

SACRAMENTO (CNS)—Thomas H. Richards, Jr., has been appointed to the state fish and game commission, Governor Knight announced.

Richards, assistant general manager and director of a local packing company, succeeds the late William J. Silva of Modesto. Richards will serve the unexpired portion of Silva's term, which ends in January, 1962, the governor said, and added that his appointment will require senate confirmation.

### At Concord—

Mrs. Norma Highfill spent Christmas with her son, daughter-in-law and grandchildren at Concord.

### At Doctor's Office—

Mrs. Sherman Reams of Soda Springs is now employed as accountant and receptionist at the office of Dr. L. D. Nelson.

## \$600,000 Budget For Rights of Way In Truckee Area

Other Appropriations Made  
To Prepare Highway  
Work Here

The department of public works has budgeted \$895,000 for acquiring rights of way in this region, including \$600,000 for the immediate Truckee area, during the coming year, the California Highways and Public Works magazine reveals.

This is a portion of the \$350,000,000 highway budget for the state during the year.

Other items budgeted for this region include \$350,000 for construction of a detour between Boca and Floriston while the new four-lane freeway is under construction. While no funds have been budgeted for the later work, which included four laning from Floriston to Donner Lake, the work will be done prior to 1960.

Also budgeted for the coming year is \$1,400,000 to grade, surface and widen State Route 89 from 2 of a mile south of the Squaw Valley intersection to the Truckee Wye, a distance of 9.4 miles.

Of local interest will be the construction of 5.7 miles of four-lane freeway from Hampshire Rocks to Soda Springs, costing \$3,100,000 and expected to be underway during the early summer.

Another detour road to cost \$300,000 will be built between Magra and 1 of a mile west of the Alta road just below Baxter.

Money had previously been budgeted for the four miles between the Nevada state line and Floriston and while the first bid was rejected by the state, a contract will probably be awarded within the next few weeks.

## FLYCASTER WILL OPPOSE ORDINANCE CREATING HIGHWAY

Supervisor H. G. Loehr was in Sacramento last week conferring with C. Bates Young, president of the San Francisco Flycasters Club relative to the recently passed county ordinance making the Truckee river an open highway for fishing.

Young said his organization would oppose the inclusion of their property, six miles east of Truckee, in the open highway.

The club president, however, advised Loehr that his club, while naturally pleased at the action of the state fish and game commission in prohibiting bait fishing on several miles of the Truckee river, did not sponsor the action and would not ask its continuance during the 1957 fishing season.

Young advised the local official that his club desires only privacy in the immediate vicinity of the clubhouse and that he would personally ask the state commission members meeting in Los Angeles tomorrow, to reopen the seven mile stretch of the river from Truckee to Boca, with a stipulation that bait fishing be banned in the stream inside the boundaries of the club property.

Loehr said Young indicated legal action would be taken to determine whether or not the board of supervisors was within its rights in declaring the Truckee river in the Flycasters property an open highway.

Loehr said he was pleased by the cooperative attitude demonstrated by the club president.

## LIST OF WARDENS IN LATEST MAGAZINE

The January issue of "Outdoor California," the department's monthly magazine of fish and game news and features, contains an up-to-date list of all wardens and patrol captains, their home and headquarters addresses and their telephone numbers. A similar list last year met with such widespread favor that publication of the new and expanded list was undertaken as a public service.

It is suggested that sportsmen's clubs, newspapers, license agents and individual subscribers clip post the two-page list for handy reference. The nearest warden is as close as your telephone.

### On Summit—

Mr. and Mrs. Ted Reynolds and daughter of Berkeley spent last week at their vacation home near Soda Springs, enjoying the limited skiing in the area.

## Precipitation Here Only .43 Of Inch Less Than Normal

Although the precipitation for December was 2.41 inches less than normal, the year's average is only down .43 of an inch, the U. S. Forest Service reported.

The 23 inches of snow which fell during last month brought 2.07 inches of moisture, compared with a normal December of 4.48 inches.

To date, the forest service reported, the Truckee area has had 7.62 inches of precipitation for the year beginning September 1 and the normal for the end of December is only 8.26 inches.

High temperature for the past week was 48 degrees and the low on January 1st was 11. The low point during last month was reached on December 8 with a -11, while the high for the same month was 55 on December 3rd.

A storm which had been predicted for this week failed to materialize and the entire region is anxiously awaiting another snow to add to the winter sports possibilities.

## Wolverines Will Meet Hawthorne

The Tahoe-Truckee Wolverines return for their second home game of the season Friday when they host AA Hawthorne in another non-conference encounter, after a two-week layoff for the Christmas holiday.

The Wolverines, 2-2 for the season, will be cut to start the new year right by continuing their winning ways on their way to the A conference title for both the team and the coaches feel that "this is their year."

The Wolverines will be led by high scoring Ken Vaughan, a junior, who to date has averaged 17.2 points a game for the first four games of the season, and 11 other hard playing boys such as diminutive Ken Osborn, center Dave Rickert, Berger Nelson, Bob Trask, sharpshooting Doug Wilson, L. Robinson and Wes Ball and Doug Cooke and junior guard Dean Holbrook. The team will also be bolstered by the return of Floyd Cooper just returning to action after an operation on his leg for an injury suffered while playing football, and hard playing center Tom Sheehan who is determined that this shall be the year.

The preliminary game will be an intersquad game at 6:45 between the members of the junior varsity, and the varsity game will start approximately at 8:30 Saturday the team motors to Yerington for another non-conference game against the Yerington Lions, another AA team, and will return to action on the home court on January 12, when they host the Stewart Braves in their first A conference game in their bid for the conference title.

Fans turned out for the South Tahoe game and all seemed to voice the opinion "that this is the finest team Tahoe-Tahoe has ever had and for the first time in five years the Wolverines are conference challengers instead of being the perennial cellar dwellers of the A conference.

## SCHOOL BOARD WILL MEET ON TUESDAY

The first meeting of the new year for the governing board of the Tahoe-Truckee Unified School District will be held Tuesday, January 8th at the high school. Routine business will be discussed and Reg Smart, board president, will be in charge.

## LOCAL PATROLMAN FATHER OF NEW SON

Mr. and Mrs. E. W. McCallen became parents of a second son, David Bryant, born December 24 at Roseville. The new arrival weighed seven pounds and 12 ounces. McCallen, who is employed with the Truckee squad of the California Highway Patrol, plans to move his family to Truckee during the coming summer. They have one daughter.

### Leaves Truckee—

Everett Brown left Truckee for Burlingame.

### Attend Fete—

Mr. and Mrs. E. E. Payen stopped here on Monday enroute to Folsom from Reno where they attended the 50th wedding anniversary of Mr. and Mrs. Will Wilber.

## Driver Dies When PIE Truck Wrecks Near Hirschdale

This District Free Of Major  
Accidents During Two  
Long Holidays

The first 1957 fatal vehicle accident last night took the life of Earl Felix Nini, 40, San Leandro, when the Pacific Intermountain Express truck he was driving overturned on the highway at Hirschdale at 9 p.m., crushing the driver in the cab.

Sergeant Frank Snyder, who with Patrolman Carroll Maynard, made the investigation, said excessive speed was indicated as the heavy loaded truck failed to make the turn and ripped out 75 feet of guardrail.

The truck was loaded with machinery and going west when the accident occurred. Traffic was delayed for nearly two hours as crews cleared the wreckage from the roadway.

The body of the victim was taken to the Truckee Colonial Mortuary.

The huge tractor and trailer were virtually demolished.

Three minor injury accidents were reported by the California Highway Patrol for the New Years weekend in the Truckee area. There were 87 citations for moving violations issued but none for drunk driving, Sgt. Frank Snyder reported.

Lorine Burns, San Mateo and Patricia Hinebaugh, Daly City, were injured when a car driven by the latter, a former technician at the Tahoe Forest Hospital, collided with a car driven by Uwe Jens Hansen, Provo, Utah, at the west end of Donner Lake, New Years eve at 9:10 p.m. Both the injured were taken to the hospital for treatment. Mrs. Hinebaugh was cited by Patrolman E. W. McCallen.

Mr. and Mrs. Lloyd Decker of Kings Beach suffered minor injuries when their car collided with one operated by Sidney M. Gibbeault of Brockway at Kings Beach at 5 p.m. December 31. Decker was cited for having improper brakes by Patrolman McCallen.

Gordon Perault of Richmond was cited by Patrolman William Gautsche for speeding after his vehicle hit a guard rail and overturned at Hirschdale December 31 at 2:15 a.m. Perault was not hurt.

None was injured but both drivers were cited by Patrolman Bud Meixner January 1 at 5 p.m. when cars driven by William David Dallenbaugh, San Carlos and Norman Taylor, Reno, collided just east of Soda Springs.

## ENGLE SAYS HE WILL PROBE FOREST FIRES

WASHINGTON — Congressman Clair Engle, chairman of the house committee on interior and insular affairs, announced he intends to hold special subcommittee hearings in California early in February on the causes and control of the recent devastating forest fire in southern California.

The congressman said these fires raised serious questions regarding the forestry methods employed by the U. S. Forest Service, as well as their competence as a fire control organization.

"Recognized authorities on the subject tell me the forest service has permitted these forest areas to grow up into impenetrable and highly inflammable piles of brush just begging to catch on fire and burn up everything in the area. In early days, I am told, under Indian management these same areas were rolling grass lands of some value.

"Furthermore, the forest service has killed more people fighting fires this year than the Los Angeles Fire Department has lost in the last 10 years. Recently, 11 men, two of them from my district, were trapped and died in one fire. And, that isn't the first time that has occurred, indicating that the forest service does not know its business as a fire fighting organization," Engle declared.

The congressman said that the hearings of his subcommittee, which has jurisdiction over all public lands, would probably be held in Los Angeles as the most convenient place.

## COUNTY CAN SPEND 4 CENTS ON C. OF C.

SACRAMENTO (CNS)—A county can spend four cents of each \$100 of assessed valuation, not to exceed \$10,000, in contributions to chambers of commerce or board of trade public relations activities, when the county has no charter provisions, Attorney General Edmund G. Brown, ruled today.

It was Brown's opinion that a city can expend five percent of the money accrued to its general fund in a fiscal year to an amount equal to five cents of each \$100 assessed valuation; or an amount raised by a special tax not to exceed 15 cents of each \$100 of assessed valuation.

**NORTH TAHOE**

By JUDGE HARRY CHARRISON

**New Year**  
Here we are right into 1957 with a bang, and if we accept what this old world has to offer, it can, indeed, be heaven on earth for every-

one, so let us take advantage of our many blessings. What we must have is peace and with it would come health and happiness and prosperity. That is our wish for everyone, so we say Happy New Year.

**Weather**  
The weather has been perfect if you don't want snow. Lack of

snow has held down the number of sport fans, but those did venture up to this glorious place, it was a visit of fun and enchantment.

**Big Party**  
Talk about a Christmas Eve party. The one held at the home of the Johnny Rayburns was a wonderful affair. Ruth Lavery and Jerry Rayburn went all out to make everyone happy, the refreshments were tops, and the appointments and decorations were superb. I couldn't begin to name all who were lucky enough to be present, but it sure did bring most oldtimers and lots of newcomers together just as though they had known each other for years, and we say thanks a million, Ruth and Jerry.

**Surprise**  
Were we surprised and delighted when our good friends, young friends that is, dropped in on us, arriving the night before Christmas and staying over the New Year, and coming from Pasadena we were delighted to know that the Pasadena Rose parade was to come in color on TV at the Crystal Bay Club. These distinguished friends were Bill and Betty Hoefler and Wyman and Beverly Williams. All of these folks are thinking seriously of making the lake their home.

**Extra Special**  
Dave Crow of the Tahoe Biltmore assisted by Joe and Enola DeGregorio were hosts to a special party in the spacious dining room of the Biltmore last Christmas day. Enola played special music on the organ, after the dinner which was served at 8:30. Oh, yes, by the way, little Martha DeGregorio said the invocation beautifully and she also played the organ and sang with her mother. Those attending were Joe and Enola, Martha, Bill Hoefler and Betty, my wife and I, and Dave Crow.

**Travelers**  
The absence of snow and of course good roads has made it ideal for those that wanted to visit their dear ones. Among those who went out were the Cloyd Sipes family, Gene Thompsons and family, Ed Malley, and then the Slim Labordes, the Faulkners all of whom visited their mother at Santa Ana, Slim Icy and Leta also visited Slim's parents at Stockton. That was a wonderful family gathering. Dave Ashton left for Pasadena for the rest of the winter.

**Nice Location**  
Went for a trip around the Incline Beach property with Ben and Wyman looking for a location to build. I was sure surprised at the number of beautiful homes out there. Three beautiful lots are owned by Johnny Rayburn, H. E. McCoskey and Ray Plunkett, all of whom intend to build in the near future.

**Bad And Good Luck**  
Just by the skin of his teeth, it was, that Garrett Marks, who works at the Crystal Bay Club, came away with his body intact, except being terribly shaken. A driver, evidently drunk, drove on the wrong side of the road forcing Marks off the road on Spooners Summit, the car turning over twice and becoming a total wreck. Marks lives on the Brockway Hill.

**Los Angeles**  
Eddie and Mrs. Moore, the TV expert of this area, spent a few days in Los Angeles and with them went their son, John (the Rhodes scholar) and too, I was delighted to know that Loma Sorensen, who is on vacation from college, accompanied them on the trip.

**Remodeling**  
Nolan Little tells us that his family is doing extensive remodeling on their home in Kings Beach. The Littles, or rather Jerry, is as you know with the Truckee Tahoe Fuel Company.

**Skating**  
What fun it is both for youngsters and grownups to have a real

pond to skate on. These cold mornings have kept the pond completely frozen over, with no snow to sweep off. The pond is at the Silver Sands at Tahoe Vista. If you don't skate just take a ride down there and you will enjoy seeing some expert skating.

**New Year**  
The past weekend was one that the residents, and especially the casinos and resort owners, the Tahoe Biltmore apartments and cottages were well patronized. The Biltmore dining room took care of a large number of visitors, and the Crystal Bay Club did a wonderful business, having enchanting music by T. Texas Tyler and his three partners, also TV colored pictures installed by Eddie Moore. Both the Rose parade in Pasadena and also the football game in the bowl will be seen, so it looks as though the winter weekends are here at last. We sure wish good business for these casinos that have been open all through the slow time as it has been really wonderful for the locals.

**Visiting**  
Carl Christiansen and family of Beachside Resort are away visiting our old friend, Dan Strebel in Alhambra, and will of course, see the Rose parade in Pasadena, and I guess the ball game.

**Sports**  
Fishing, yes, and golfing are still the main attractions around our area. Bill and Betty Hoefler caught a beautiful mackinaw and the best of it was they presented it to us and it was wonderful. And now Saturday morning, a lady and two gentlemen are going for nine holes around the golf course at Brockway.

MAY THE GOOD LORD  
BLESS AND KEEP  
YOU ALL THROUGH  
THE YEAR

**RANSOME LOW ON COLFAX ROAD BID**

SACRAMENTO (CNS) — The state division of highways today opened bids for grading and surfacing 5.8 miles of four lane, divided highway on U. S. 40, between Colfax and the Magra overhead in Placer county.

Frederickson and Watson Construction Co., and Ransome Co., Oakland, were low bidders, asking \$3,685,555.55 for the job.

Leaving the Lake Tahoe district for visits elsewhere are Ernest H. Pomins, from Tahoe City to San Francisco. The Jerry Taylor address has changed from Kings Beach to San Diego, Mr. and Mrs. Rindfleisch, also of Kings Beach are staying at Reno, the J. M. Mollberrys going to Santa Rosa.

**NOTICE TO BIDDERS**  
Notice is hereby given that sealed bids will be received by the Governing Board of the Tahoe-Truckee Unified School District, Placer and Nevada Counties, California, at the office of the Superintendent, Truckee, California, on or before, and no later than January 8, 1957, at five o'clock P.M. at which place and time bids will be opened for the purchase of one school bus in accordance with the specifications on file at the office of the District Superintendent.

The above bus shall meet all requirements of the State of California in every respect as set forth by the State Department of Education and the California Highway Patrol for 1957 regulations. The Board of Trustees reserves the right to reject any or all bids, in part or in toto, to waive any irregularities, and to be the sole judge of the suitability of equipment offered.

Bidders are required to submit complete specifications for any and all items for which bids are offered and furnish a certified check in the amount of ten (10%) percent of the bid to guarantee faithful performance of contract. By order of the Governing Board.

## TRUCKEE TIDBITS

By SWANEE  
(Phone Truckee 188)

Russ York, president of the Tahoe-Truckee Unified High School PTA here, and Mrs. Margie Frates, president of the Elementary PTA are both heartily in agreement with the proposal to present to the high school board at an early date the request for a paid leader to organize and conduct a program for teen-age recreation. He would serve in this capacity at Truckee, Tahoe and Kings Beach and would appoint volunteer helpers to aid in facilitating year round recreational activities for youngsters of the community.

Some five months ago a recreation club was formed by the high

school group with Berger Nelson elected president and Eve Hallett and Stan Drakulich appointed adult advisors. The first meeting was held in the basement of the Truckee Community Church, which Rev. Wesley Osman and his governing board have made available to the young people without charge. At first enthusiasm appeared high but gradually interest waned and at the present writing the movement appears on its last legs. Mr. Drakulich, who is well qualified to serve as an advisor, since he is coach of the junior core, head football coach, physical Ed teacher and junior varsity basketball coach, at the high school, lays the trouble to some extent at the feet of the parents who have lacked sufficient interest and real leadership and supervision. He is supported in his diagnosis of the failure to the project by Rev. Osman who says: "It may be true that we have not clearly explained to the parents

what we hoped the program would accomplish, but it is also true that much information on the subject has reached them through their teen-agers. At the meetings at the high school this last fall only a small percentage of parents attended and hardly any support has been forthcoming from them. Approximately only 10 percent of the parents showed any interest at all."

Rev. Osman also said, regarding the proposal to seek from the school board a paid organizer, "I have discussed this possibility with Superintendent of Schools John Corbin and he has informed me that if a unified, organized, interested group made the request at the school board meeting (before the budget for the coming year is completed) he would personally approve and support the proposal. I believe that a qualified fulltime organizer for the Truckee-Tahoe area would do much to start, and keep the wheels of recreational enjoyment turning for the youngsters."

Rev. Osman also expressed the belief that with some real cooperation and planning the Truckee area might within the next year or two secure an allotment from the Fleischman Foundation with which in Truckee, such allotments being made for churches and other worthy civic minded projects for young people. Rev. Osman hopes that a meeting of the governing board of the church may be held on Thursday or Friday of this week during which a letter of approval can be drawn up by the group approving the request for a paid recreational organizer for the district.

Mrs. Frates has invited parents, both fathers and mothers, to call her number, Truckee 459-W and leave their names as volunteers for chaperones at the teen-age skating parties, or other activities. The Truckee Rotary Club has donated the lights illuminate the old ice pond across the river, but there is a real dearth of agreeable chaperones.

Mrs. Victor McLane, mother of five small children, busy though she is, has volunteered to serve on any executive or governing board in an advisory capacity, she being a former playground director in Vallejo before her marriage, and well versed in problems of this nature. More volunteers are needed however, and it is hoped parents will lend their supervision voluntarily and assure success of the teen-age recreation club.

Supervisor Henry Loehr has offered any assistance in his power, and many of the town's leading citizens stand ready to give the youngsters a helping hand.

Mr. and Mrs. Frank Gaiennie returned home on Thursday last from a visit in San Francisco over the Christmas holidays. While in the big city they enjoyed immensely the play at the Curran Theater, "Desk Set," starring the famous oscar winner, Shirley Booth.

Mrs. Victor McLane entertained for several days her mother, Mrs. Olive Valentine of Stockton, who was enroute home following a visit to the home of her son,

Royce Le Grave, of Fargo, N. D.

Mr. and Mrs. Jack Wolert had as their houseguests for several days their son-in-law and daughter, Mr. and Mrs. Lawrence Bettencourt of Sacramento, and son, Lawrence.

Mrs. C. B. White enjoyed a rare treat over the Christmas holidays when their son, C. Bernard White of Sacramento, his wife and daughter, took the elder Whites on a motor trip to Squaw Valley, Homewood and the North Tahoe region during their visit here. Mrs. White only recently has been able to navigate without her cane and the ride to Tahoe was the longest in many weeks.

Mrs. Eve Hallett and daughter, Joyce, entertained for Christmas turkey dinner, Mrs. Eleanor Swanson and Jackie Murray. Billy Campbell and Sharkey Foster hosted a dinner recently for Mrs. Swanson at the Donner.

## NEWS NOTES FROM TAHOE

By Naomi McLane  
P. O. Box 195, Tahoma

With the New Year of course our thoughts turn to the passing of time with the varied paces of streaking speed and slow, slow crawl. I often have to chuckle at myself about the times I remember the fine old adage (Chinese, no doubt) "This too will pass." I usually think about it at the times when things are at their most glowing. Of course it's just as true

for such as for the sadder times. Perhaps there are no better words about time and its measuring than those of the pastor in "How Green Was My Valley" when he gives his watch to the boy Huw as a parting gift. "It has marked time I have loved."

### On Sick List

With the winter closing in, several Tahoeites are on the sick list. Mrs. Martin Spitsen is home now from the Tahoe Forest Hospital where she spent a week recuperating from pneumonia. Dinty Moore of Jack and Dinty's Market is taking it as easily as he can after a severe heart attack and Mrs. Bob Tonini is in the hospital for care

and observation.

### In Oakland

Vi Pomin and Beccy Shontz spent a few days between Christmas and the New Year visiting their parents, Mr. and Mrs. D. M. Brodehl, in Oakland, until six or seven years ago, the Brodehls were long-time residents of Tahoe.

### In New House

Steve Marvin and his wife, Moriah, are completely settled in their new home built by Bert Brolund in Pineland. They opened house the Friday before Christmas with a party for Marvin's fellow-faculty members of the high school.

### Visits Hawaii

Jack Van Allen is batching for a month while his wife, Dorothy, is visiting her sister in Hawaii. Dorothy flew over to be in time to join the family for Christmas.

### Party Success

The annual New Year's party at the Tahoe Inn was, as always, a great success. A live orchestra furnished music in the lobby and the juke box did its yeoman service in the bar. It was a special treat, late in the evening (or morning!) to hear Jack Taylor of Carnelian Bay and Chico, play old and new songs at the piano. In spite of the attractions at the North Shore and the many private parties in town, there was a big crowd to welcome the New Year.

### Has Birthday

Julianne Bechdolt celebrated her ninth birthday most quietly at home with her parents, Bill and Bernie Bechdolt. Julianne was just home from the hospital having had pneumonia and as you all know Bernie was just home before that with their new little girl.

### Back From Utah

James and Tillie Franklin will return this week from a trip to Utah where they had gone to visit friends and relatives.

### Have Houseguests

Hal and Lillian Farr had old friends as houseguests this weekend: Marshall and Jeannette Ashton from Sacramento.

Emergency Repair

Imagine having a needle with thread at the ski slopes! At Granlibakken New Years day Chick McBride was not only prepared, but did, some essential sewing on a little girls' ski pants. Even if the little girl had not been mine I would think that was wonderful to have materials at hand.

### Luncheon

Members of the Women's Club of Tahoe should not forget their luncheon meeting at the home of Mrs. Howard Guth in Tahoe Park this coming Thursday, January 10. After that meetings will be held as scheduled on the first Thursday of each month.

### Attend Party

It would be impossible to name all of the people who attended the party at the Tahoe Inn but I did want to mention some of those who come from a distance. Old friends and acquaintances are always glad to see Mr. and Mrs. Bart Bartel who moved to Reno two years ago but who have not missed New Years at the lake for many years. Jack and Margie Broyles were transferred to Reno by the Pacific Tel. and Tel. about two years ago and they too returned for the second time to join their friends at the New Year. Mr. and Mrs. Dave Rose and Mr. and Mrs. Frank Giovannoni from Truckee also joined their lake neighbors to celebrate.

### LAKE LEVEL

TAHOE CITY—With chilly, dry sunny days continuing to predominate the weather picture at Lake Tahoe, the level of the lake Monday stood at 6227.66 feet with 250 cfs of water leaving the gates. Temperatures during the week ranged from 18 to 46 degrees.

## NO NEW LICENSES FOR LIQUOR ISSUED

SACRAMENTO (CNS)—No new licenses, other than beer, will be issued to any on-sale establishment of the public premises type, the department of alcoholic beverages

## Former Resident Of Summit Weds Childhood Chum

A recent issue of the Bremerton, Wash., Sun relates the wedding of C. B. Crampton, 70, former Donner Summit report owner, currently residing in Reno, to Mrs. Nora Smith of Bremerton.

Under a by-line story of Curt Fortney, the article in part reads: Fifty-three years ago, in a small Baptist church at Snohomish, a bright-eyed printer's apprentice just 17, met a pretty girl two years his junior.

Today, more than half a century later, they are preparing to leave on their honeymoon.

C. B. Crampton, now 70 and retired, came to Bremerton from Reno, Nev., a little more than a week ago to claim his bride, Mrs. Nora Smith.

They might have been celebrating a golden wedding anniversary, if things had worked out differently many years ago.

"I walked out on him," is the way Nora explains the reason for the ending of their "going steady" back in the days when a good horse and a light buggy was the hot-rod of young people.

Their paths never crossed again until this year.

Crampton was married in 1903 at Snohomish and left for a printing career on newspapers in most parts of the nation. Before his retirement, he had worked on papers in Illinois, California, Texas and elsewhere.

He has a son, daughter, grandchildren and a great-grandchild. His wife died five years ago.

This summer he came to Snohomish to attend an "old timers picnic" and sought Nora, or word of her.

"I didn't know whether she was still alive," the tall, greying man explained. "I asked every bald-headed man and grey-haired person at the picnic about her, but none knew where she was."

He gave it up and returned to Reno.

But fate stepped in. Strangely enough for Champton, the printer, it was a line of type in a Seattle newspaper that found Nora for him.

The article concerning the picnic mentioned his name and Nora saw that item.

"I wrote to him right away. Of course, I didn't know but what he was still married, so I wrote to 'Mr. and Mrs.," she said.

Crampton had an answer in the mail "within hours" of receipt of her note. The rest followed rapidly.

age control announced.

Licensing of such as establishment may be done only by renewal or transfer of an existing on-sale general or on-sale beer and wine license.

These amendments will be effective January 1, 1957.

## SOUTHERN PACIFIC TESTS RADIO SETUP

Southern Pacific has reconquered the High Sierra—this time by radio.

The railroad has successfully tested a repeater radio system designed to take over the communications burden when storm-vulnerable poles and wires go down. A. E. DeMattei, superintendent of SP's communications department, announced in San Francisco.

A newly-installed repeater station at Cisco Buttes, near the mountain summit, clearly carried the voices of radio operators in an eastbound passenger train, in several automobiles and in a number of way stations during a final tryout late last week. DeMattei himself joined the conversations by a telephone hookup from his San Francisco office to an SP radio center in Sacramento.

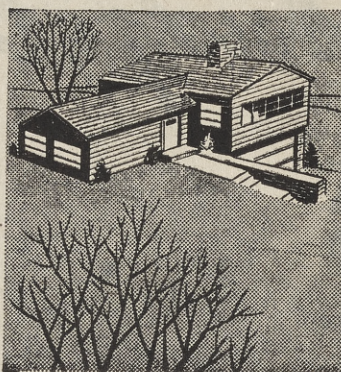

The reports could be picked up by SP radios from Sacramento to Reno. They could also be heard as far north as Chico, the communications chief said.

DeMattei noted that the new system would not take the place of wires, but would be used for emergencies.

"saved the day" during the storms of last Christmas, the rail executive

MR. AND MRS. C. W. VERNON  
TAHOE CITY

**BIRTHDAYS OBSERVED**  
Mrs. Felix Koehler and Mrs. Jack Pistoia had as their houseguests on December 25th to celebrate their birthdates, Vasco Pistoia of San Francisco, Mr. and Mrs. C. C. Gustafson of Sweden and Mr. and Mrs. Sperling of Hamburg, Germany.

**VFW AUXILIARY IS HOST AT ANNUAL CHRISTMAS AFFAIR**

CRYSTAL BAY—Members and guests of the V.F.W. and Ladies' Auxiliary of Post 7077 held their Christmas party at Crystal Bay Club December 22. The tables were decorated with large silver pine cones, silver and blue leaves, miniature pine cones sprayed with silver and decorated with red, done by Mrs. Guy Tuttle, decoration chairman.

Guests included Mr. and Mrs. Claude Shipley, Mr. and Mrs. Joseph Feldstein, C. Burke, all of Reno and Mr. and Mrs. Charles Bradner of Oakland. During the dinner hour, T. Tex Tyler entertained.

Past Commander Feldstein was speaker for the evening and Polio Director Wiley Jones and the local post was praised for its project. The balance of the evening was spent dancing. Present were Messrs. and Mesdames Gene Antonson, Ray Bergman, Mike Cinani, Wiley Jones, Mike Kornazewich, Eddie Liddle, Walt Mandeville, Bob Molsberry, Allen Newell, Bob Moore, Ray Plunkett, Richard Springer, Johnny Clackett, Al Damon, Paul Mullis, Guy Tuttle, John Crenshaw, Mac McCarter and daughter, Guy Tuttle, Charles Bradner, Joe Feldstein, Claude Shipley, Otis Wing and Bill Dugan, Bill Elliott, Miss Audrey Welch, Mrs. Vera Woods, Mrs. Frank Wagner and C. Burke.

**LETTERS TO EDITOR**

Dear Editor:

We would like to thank those who have helped with the Fire Barn, and the best way seems to be through your paper. So, here goes.

The new Fire House is near enough of completion to insure safe storage of all equipment including the two trucks which means they will be in constant readiness to operate for the protection of the public. Therefore, the board of directors take this means of thanking Bud Mandeville & Co., Henry Graton, Carl Brooks, and Fred Baker for assisting us with the use of their motorized equipment in keeping building costs down to some degree. Also to the many others who contributed a part of their time—many whose names we do not have. To all we offer thanks.

Even though the board of directors find it necessary to borrow a sum of money, for completion of the building, with their personal signatures to guarantee payment of the note, the building would have cost much more, except for the aid of those who did contribute. On behalf of the community, the board of directors personally thanks each and every one for their services.

If the public will support its board of directors, 1957 will see a legal district in operation thus eliminating the necessity of contributions—when all property owners are required to support equally this fire protection program.

The board also wishes to thank Lillian Port, Diane Finigan, Anita Barker, Patricia Spracklin, and Shirley Wagner for help in the mailing department. This is another gratis feature that will no longer be necessary under a legal district.

## Shortage Of Nurses Is Basis For Suggested Practice Act Changes

SACRAMENTO (CNS) — The shortage of nurses in California will prompt the California State Nurses' Association to ask the 1957 legislature to amend the nursing practice act, it was revealed today.

The association will ask that a two-year educational course in junior colleges be recognized by the board of nurse examiners. The association stressed that this proposal is not in lieu of the current three-year course, rather it will permit the board of examiners to sanction the shortened course in accredited junior colleges and charged the board with the responsibility of investigating and evaluating the new program for the provisional period, which would extend to 1963.

Marian Alford, executive director of the association, said that the states "spectacular population gains" is forcing the state nursing shortage to the "critical" stage. "Only the arrival of registered professional nurses from other states has saved California from a very real shortage," she said.

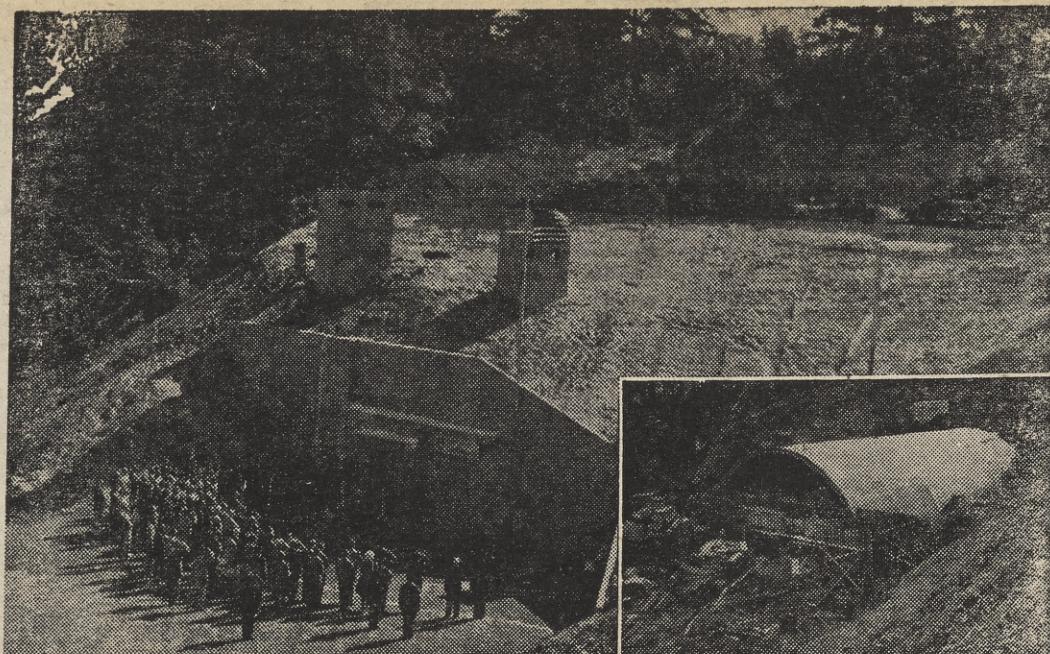

## FEDERAL TAX FORMS ARE BEING MAILED

Federal income tax forms for use during the 1956 filing season will go into the mails in time to reach taxpayers between December 27 and January 10, officials of the internal revenue service announced.

Each taxpayer who filed in 1956 will be sent forms from the service's central mailing plant at Kansas City based on his return for the previous year. Those taxpayers who have changed their addresses will receive their forms if the post office has a record of their new locations, officials said.

Accountants and attorneys who may need advance copies will find reasonable supplies of forms available at local offices. Farmers who file and pay estimated taxes by the January 31, 1956, deadline may also obtain the forms they require at local offices by January 2. All mail requests for forms should be addressed to the District Director of Internal Revenue at 100 McAllister Street, San Francisco 2.

In 1955, California ranked eighth in the number of cows milked.

CIVIL DEFENSE underground control center for Portland, Ore., is dedicated at the site on the outskirts of the city. Center is equipped with heavy electric entrance doors with photo-electric alarm and closed-circuit TV control of personnel entering, air locks and radiological decontamination facilities, electric generators, a private radio station, air filter and ventilation system, telephone, press and Conelrad facilities, and space for civil defense and other emergency offices. In addition, the \$667,000 structure includes space for weather and radiological specialists, and living facilities. Inset shows arch construction of control center.

## ACTOR RENAMED ON STATE PARK BOARD

SACRAMENTO (CNS) — Gov. Goodwin J. Knight announced that he will reappoint Actor Leo Carrillo of Santa Monica to the state park commission for a term prescribed by law.

Carrillo was originally appointed in 1943. His reappointment will require senate confirmation.

## UNION ABANDONS BILL BOARDS TO USE NEWSPAPERS

Union Oil Company of California, one of the nation's largest advertisers, has cancelled all billboard advertising and will increase substantially its newspaper campaigns in both dailies and selected weeklies, according to Reese H. Taylor, chairman of the board.

Among the weekly newspapers selected to carry Union Oil's advertising in 1957 is the Sierra Sun and Truckee Republican.

"Two factors were of primary concern to Union Oil in reaching the decision to abandon billboard advertising," explained Taylor.

"First is the traffic hazard which a great many experts have indicated bill boards tend to increase.

"Second is an apparent and growing resentment on the part of many people and residential communities to obscuring the beauty of our natural landscape with this type of advertising.

"As a company serving the motoring needs of the general public, it simply did not make good sense for Union Oil to continue to use an advertising medium which is apparently becoming offensive to many of our customers and prospects and which, in the opinion of some experts, represents a hazard to them.

"Therefore we cancelled all billboard advertising. The money we have been spending annually for this type of outdoor advertising will now be used to increase our newspaper advertising campaigns."

In another unprecedented policy move, Taylor revealed Union Oil's plans for 1957 include use of an impressive list of over 400 selected weekly newspapers in the seven western states.

"We are initiating this test campaign in the weeklies because we believe such newspapers in the West are thoroughly read and are an effective medium to reach a large portion of the motoring public.

"Weeklies will be used to supplement our company's advertising in those areas where Union Oil has service stations or marketing outlets and which are not covered by daily newspapers.

"Use of weekly newspapers is as marked a change in Union Oil's advertising policy as in the decision to abandon billboards. We are confident such changes in policy will prove effective."

### South for Treatment—

Mrs. L. D. Nelson and three children left this week for Los Angeles where Mrs. Nelson will undergo specialized medical treatment for a shoulder disorder. Dr. Nelson is remaining here.

## COUNTY TAX FACTS OFFERED BY GROUP

Year-end round-up of some tax facts for Nevada county, put together by California Taxpayers' Association, includes:

Number of people in the county is estimated at 17,320 for January 1, 1957, compared with 18,130 for January 1, 1956.

Tax base, or assessed value of taxable property in the county for this fiscal year, 1956-57, is \$36,261,350, compared with \$34,889,960 for 1955-56.

Taxable property per person in the county averages \$1900 for this year, compared with \$1892 for last year.

County-wide tax levy on property is at the rate of \$2.20 per \$100 of taxable property in the county for this fiscal year, compared with \$2.46 for 1955-56. This is only one of the tax rates levied on property in the county, the association pointed out.

The number of people on the aid to the needy aged rolls in the county was 882 for September, 1956, compared with 902 for January, 1956.

The number of children and adults on the aid to needy children rolls was 243 for September, compared with 282 for January.

The number of people receiving general county relief was 81 for September, compared with 128 for January.

The number of people receiving direct aid as needy blind was 31 for September, compared with 32 for January.

### Go To East-West Game—

Several local people went to San Francisco to attend the East-West football game last weekend, including Mr. and Mrs. Stanley Zwarg, Mrs. Elizabeth Bavier, Mrs. I. Firpo, John Firpo and Jimmy Loynd.

RAEBURN VAN BUREN

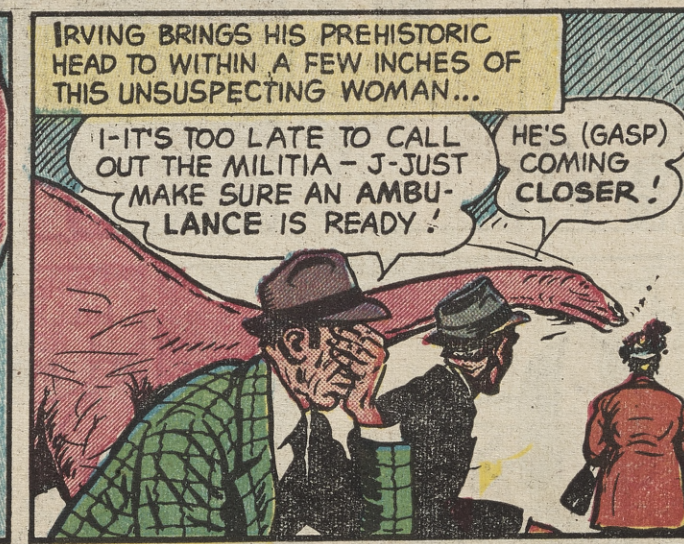

THE (SHUDDER) BURNING QUESTION IS--WHAT KIND OF  
A DINOSAUR IS IRVING--A HARMLESS PLANT-EATING  
MONSTER, OR A DANGEROUS MEAT-EATING CREATURE ??

DID YOU (CHOKE)  
HEAR THAT, MR. LEGREE--  
IRVING'S STOMACH IS  
(GASP)  
RUMBLING!

THAT (GROAN) MEANS HE'S  
HUNGRY! WITHOUT AN APPETITE HE'S  
A BIG, LOVABLE GOLD MINE--WITH  
AN APPETITE HE'S MORE DANGER-  
OUS THAN AN  
ATOMIC  
FALLOUT!

L-LOOK AT IRVING'S  
NOSTRILS--THEY'RE FLARING!  
AND HE'S GOT HIS EYE ON  
THAT PLUMP DAME  
WALKING PAST  
HIM!

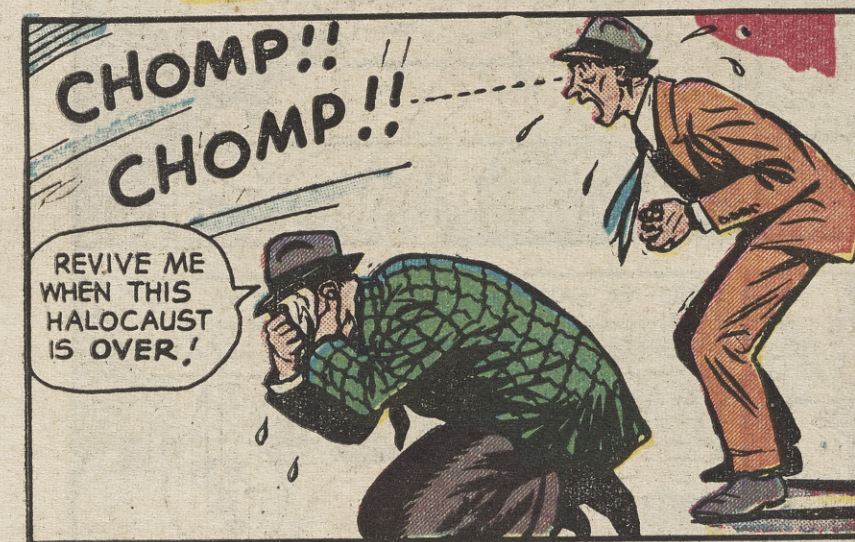

IRVING BRINGS HIS PREHISTORIC  
HEAD TO WITHIN A FEW INCHES OF  
THIS UNSUSPECTING WOMAN...

I-IT'S TOO LATE TO CALL  
OUT THE MILITIA - J-JUST  
MAKE SURE AN AMBU-  
LANCE IS READY!

HE'S (GASP)  
COMING  
CLOSER!

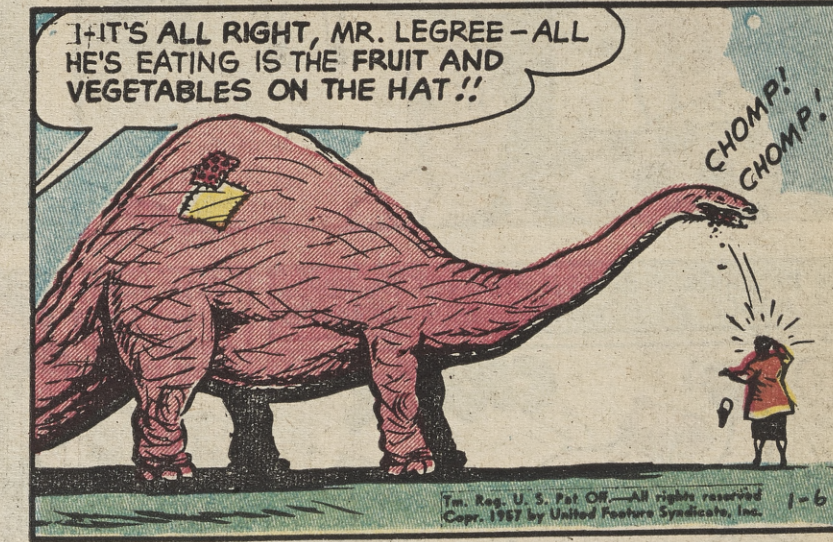

SCREEECH!!

CHOMP!!  
CHOMP!!

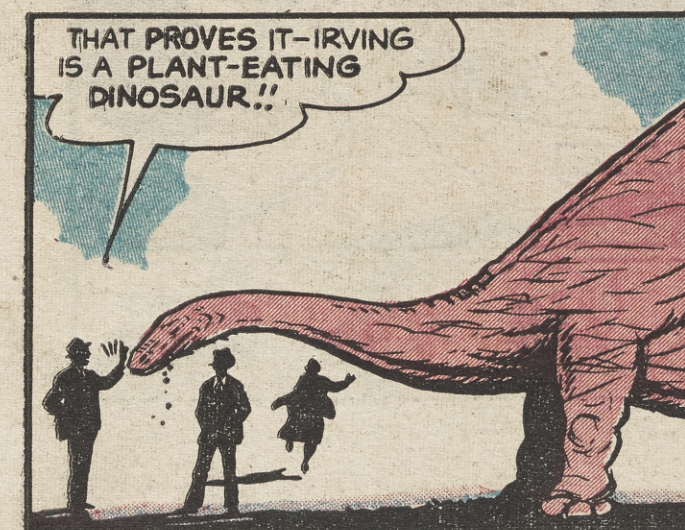

REVIVE ME  
WHEN THIS  
HALOCAUST  
IS OVER!

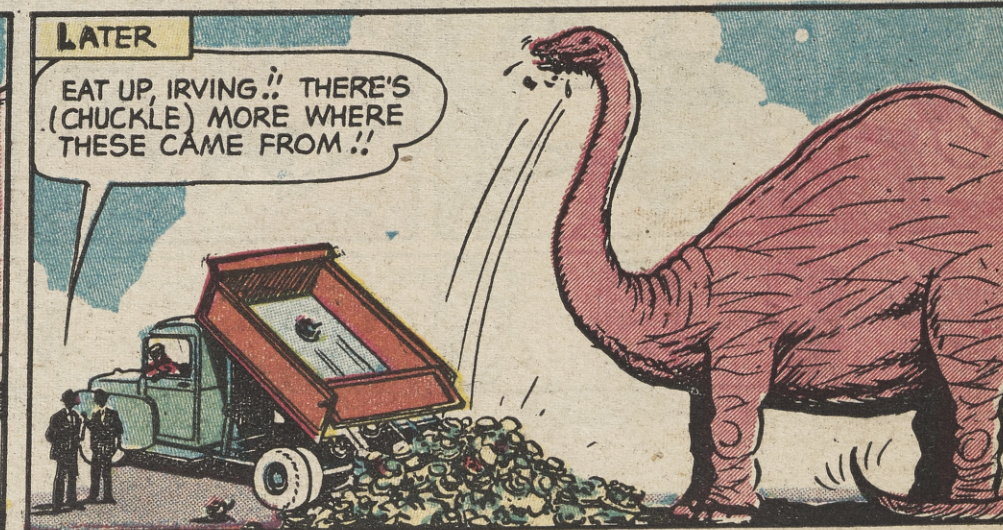

I-IT'S ALL RIGHT, MR. LEGREE--ALL  
HE'S EATING IS THE FRUIT AND  
VEGETABLES ON THE HAT!!

CHOMP!  
CHOMP!

1-6-1348

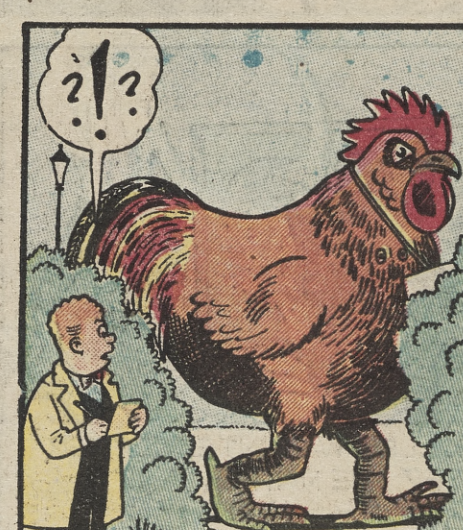

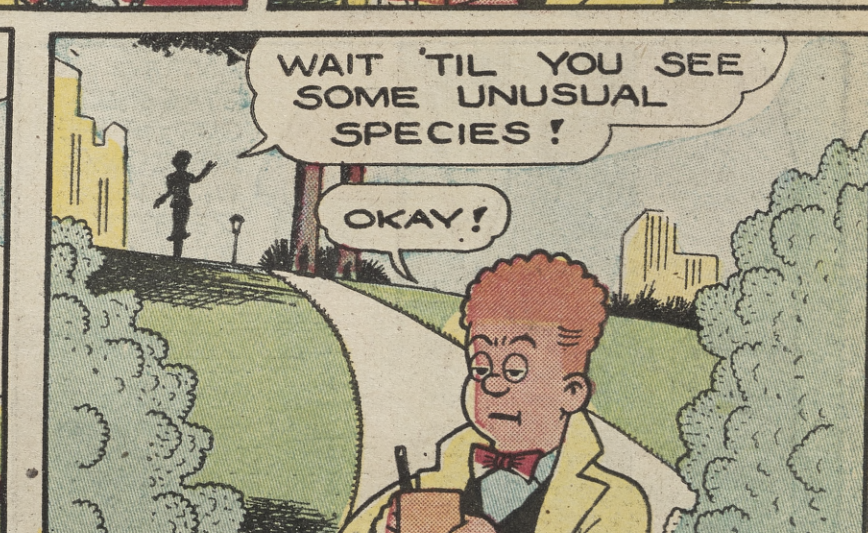

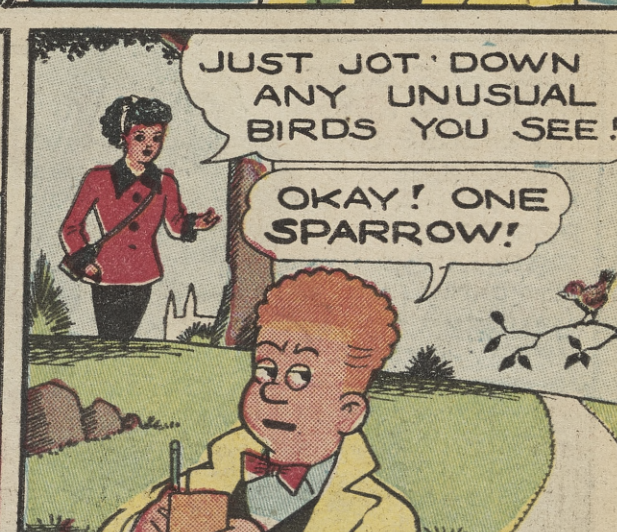

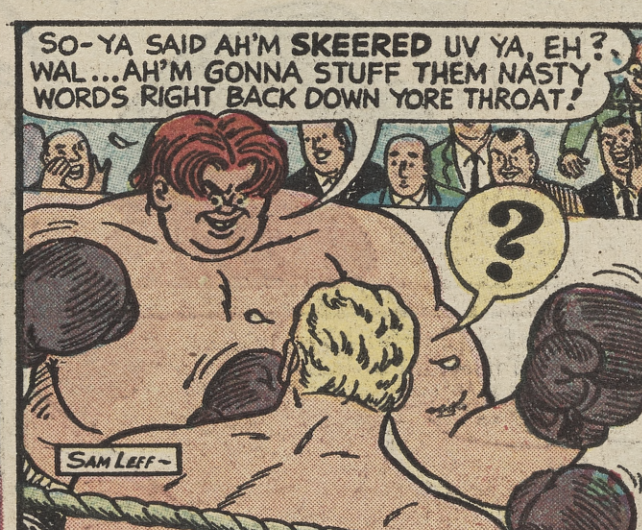

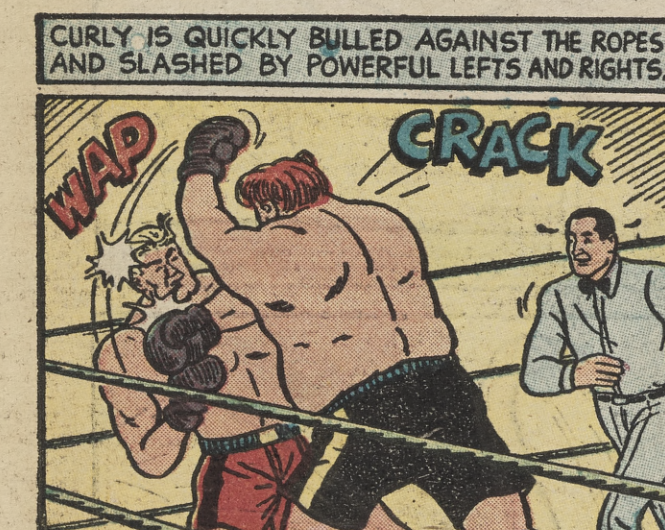

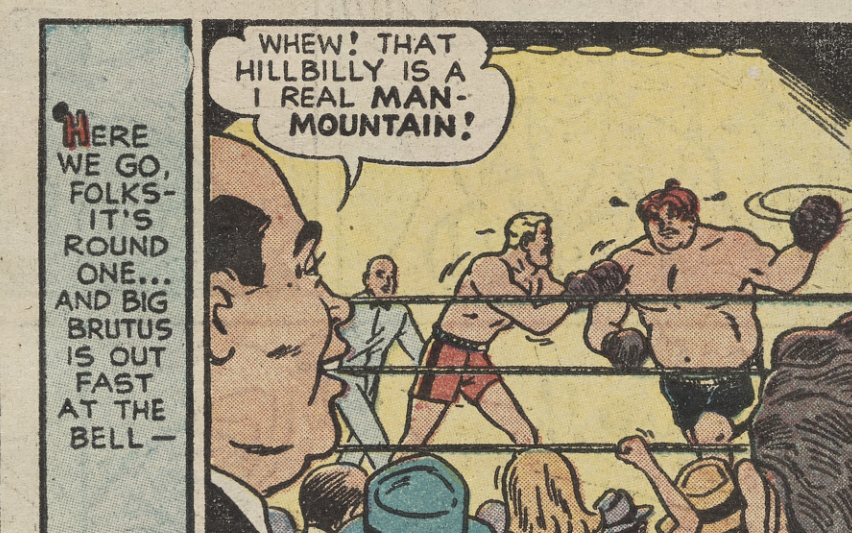

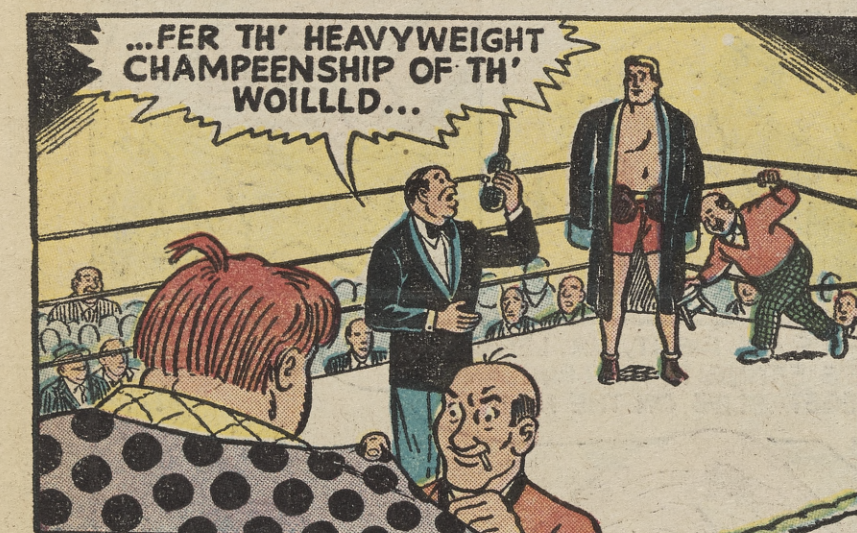

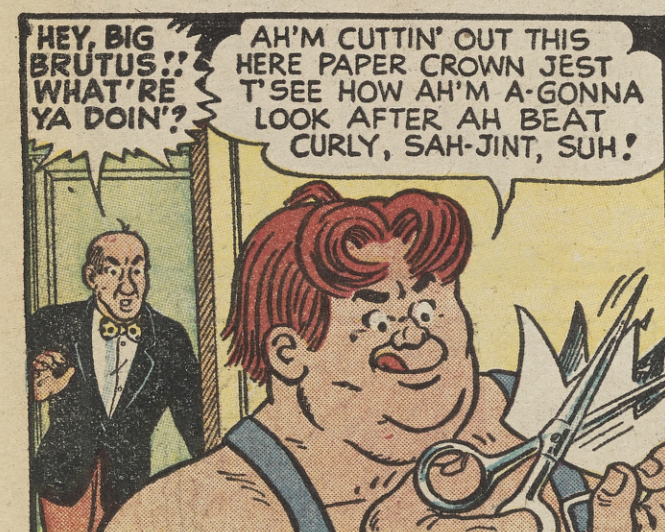

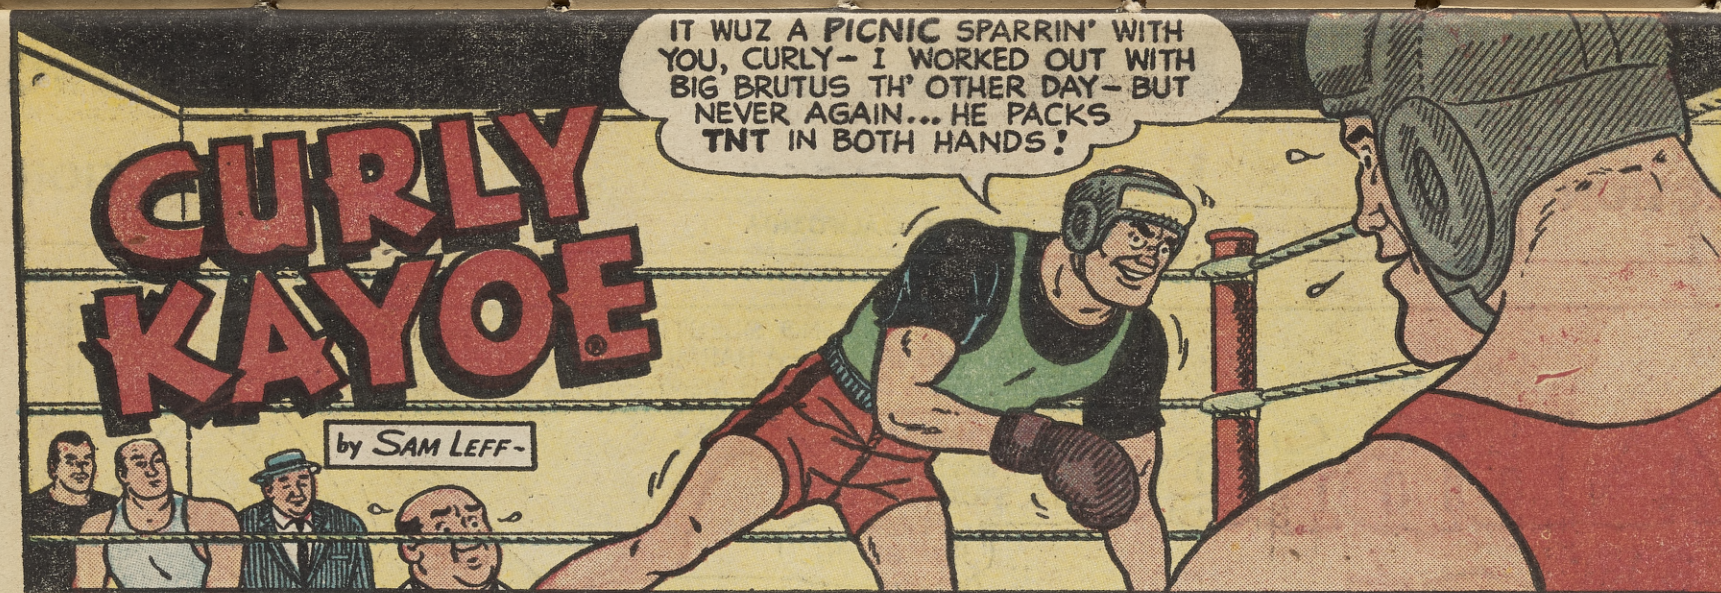

THAT PROVES IT--IRVING  
IS A PLANT-EATING  
DINOSAUR!!

LATER

EAT UP, IRVING!! THERE'S  
(CHUCKLE) MORE WHERE  
THESE CAME FROM!!
